>>Welcome everyone, my name is Don Cameron and I want to thank you for
spending a few minutes with me learning about

ConferTel a **civicom** Company

Closed Captions for Hearing Impaired
Streaming Text for your Online Meetings

CC

Expand your Reach, Audience and Impact

Internet captioning provides real-time streaming text of all spoken dialog of any meeting, conference call, webcast, webinar and other live or recorded events.

Don't leave anyone out of your next online conference, meeting or training session. Ensure that people who are deaf or hard of hearing can fully participate in your event and guarantee that you are ADA and Section 508 compliant with our professionally-created closed captions service.

The ConferTel Advantage

- Real-time online captioned text of dialog
- Can be used in most secure and firewalled locations
- No software to install or downloads required
- Transcript file available after the session
- Recording synchronization (if event is recorded)

Why Customers Choose Us

- **Dedicated support —** Knowledgeable event consultants and support personnel help manage your event every step of the way from planning, speaker training to delivery

- **Live attendee support —** Live technical support is standing by for attendees and speakers

- **Complete solution, multi-platform —** Both PC and MAC operating system support with no download required

- **Quality and reliability —** Rock-solid audio and web technology gives you the confidence that each and every event will execute flawlessly

Ideal Solution For:

- *Conference Calls*
- *Training Sessions*
- *Webcasts*
- *Webinars*

"I participated in a telephone internet conference sponsored by your organization. The captioning was outstanding!"

Call or Email To Learn More

Branded Online Registration

ConferTel will handle the event registration process leaving you to focus on the marketing and content. Online registration page is branded with your logo or banner.

Payment Processing

ConferTel securely processes participant credit card charges through our merchant account.

Verified Admission

Attendees are verified by a unique confirmation pin that is assigned to each registrant prior to entering the webinar.

Registration Reminders

Registrants receive email confirmations and reminder emails, at intervals you select, to increase attendance.

Branded Greeting

Attendees are greeted with a recorded customized greeting before being placed into the webinar.

Professional Moderator

Your webinar will be handled by a courteous and professional moderator to provide introductions, live Q&A and technical assistance.

Q & A / Polling / Surveys

With interactive question and answer sessions and participant polling you can gain immediate feedback from your attendees.

No Plug-Ins or Downloads

Browser-based presentation tool easily allows you to share a PowerPoint slide show with no software to download for your participants or presenters.

Toll-Free Audio and Audiocast

Integrated high quality audio available as a Toll-Free dial in number and/or listen to audio through computer speakers.

Real-Time Reporting

Registration reports available daily or weekly. Post-event attendance reports are available in CSV format for easy importing into contact management systems.

Virtual Whiteboard

The integrated White Board allows presenters to draw lines, shapes, arrows, add text, use a Laser Pointer and make their point with unprecedented ease.

Movie and YouTube Player

Stream a video during your webinar by adding your movies in a secure environment or elect to play YouTube videos.

Premium Options

Recording and Replay

Digitally record your Webinar for immediate playback — 24/7. Increase your revenue stream through pay-per-view replay access.

Testing & Automated Certificates

Implement the full-cycle process of training or online learning with our testing module. Customize your tests with various question styles. Custom certificates are emailed to registrants.

Streaming Captioning for Hearing Impaired

Ensure that people who are deaf or hard of hearing can fully participate in your event and guarantee ADA and Section 508 compliance with integrated closed captioning.
